Job Title

Dear Hiring Manager,

Scientific Presenter, Laboratory Assistant Professor, and Project Researcher with over 9 years of experience. Highly motivated, communicative, self-sufficient, and versatile professional with solid academic background in Computer Science and Engineering. Proved ability to address problems with a tendentious unbiased and professional view, namely regarding: Teaching methodologies, Tangible User Interface Technologies, and Game Engine Technologies. Known as a team player, multi-tasker, constant self-driven learner; strive to address novel and exciting challenges by integrating, adapting, developing novel knowledge/tools. Preference to work with and/or manage teams in order to grow personally and professionally.

Through several research positions at previous scholarships I achieved several skills, namely: scientific presenter, laboratory assistant professor, and project researcher. My focus is on addressing novel problems/challenges with a tendentious unbiased and professional view, namely regarding: teaching methodologies, tangible user interface technologies, game engine technologies, and cloud-based solutions.

Some of the qualities and credentials I have to offer are:

- MSc, and PhD ¹ in Computer Science and Engineering.
- 8+ years of professional experience, as a scientific presenter, laboratory assistant professor, and project researcher.
- Expertise in several programming languages, more relevantly, Java (J2SE), C/C++, C#, and JavaScript.
- Knowledge of distributed, parallel, and cloud computational systems, including its communication formats and standards (e.g., XML).
- Team-focused player.
- Creative and proactive troubleshooter and problem solver.

An interview would allow me to provide more information about myself and how we could mutually benefit each other. I am available by phone, email, or skype. Thank you very much in advance for your consideration, I look forward to hearing from you soon.

Sincerely,

Gonçalo N. Paiva Amador
